VIENNA 2015

Eurovision Song Contest 2015 handbook by ESC+Plus. All you need to know about the 40 participants to compete on May in Vienna

19, 21 & 23 May 2015

40 countries will take part in the 60th edition of the Eurovision Song Contest to be held on May 19, 21 and 23 in the Wiener Stadthalle located in Vienna. This year's contest is back to Austria after winning the last year's contest with "Rise like a Phoenix", sang by Conchita Wurst in Denmark. This will be the second time Austria hosts the Eurovision Song Contest after 1967.

The event will be hosted for the first time in history only by women. The three hosts of the shows will be Mirjam Weichselbraun, Alice Tumler and Arabella Kiesbauer. The winner of the previous edition, Conchita Wurst, will be a special host from the "Green room"

In this edition, a total of 40 countries will take part at Eurovision from which 39 of them will participate as active members of the EBU. Cyprus and Serbia return to the competition after one-year absence, while the Czech Republic will take part after a five-year one. However, Ukraine will not take part in this edition due to political and financial reasons. In addition, ORF invited Australia to enter the competition as a way to celebrate the 60th anniversary of the Eurovision Song Contest. It is the first time an EBU's associated country without European frontiers takes part in the most famous European show.

The rules of the contest will be the same as previous years, 16 and 17 finalists will compete in two semi-finals to get one of the 20 tickets for the final. They will join the direct qualifiers, a total of 7, in the Grand Final set on Saturday 23.

Participants:

Alice Tumler owns a big experience as host and director of music TV Shows. **Arabella Kiesbauer** has a long career started in the eighties on ORF. After a significant step on German television, she returned her country

in 2002 where she presented a popular talent show. As a special host, **Conchita Wurst** will be hosting from the Green Room where she will get some artists reactions during the show.

The Stage:

The stage will consist of 1,288 LED pillars positioned to look like a big eye.

"The main idea of this festival is the bridge from the past to the present and the future, and the eye symbolizes the bridge, the mutual respect between cultures, countries and people," said Kathrin Zechner, ORF Director.

The LED pillars can produce a wide variety of lighting effects in each of the performances, as the floor of the stage, with a diameter of 11 meters. The back of the stage will consist of a large LED screen: 22 meters wide by 8.5 meters high.

The whole stage will be 44 meters wide, 14.3 meters high and 22 meters deep.

Logo and slogan:

The theme art work's use of spheres and its wave-shape symbolises being united as well as diversity. The colours reflect the individualism and at the same time building musical bridges, the diversity of the artists, variety of songs and also the diverse audience. This theme artwork also includes the new Eurovision official logo released some months ago.

Oh-a-oh, Hey girl
 Remind me why we ain't together
 We got that magnetic connection
 Moving so fast let's take it slow
 Ain't gonna let you let me go
 The picture that you're paintin' got me
 All anticipating
 GO!

Nothing can steal your thunder
 Sky-high while you pull me under
 Cause you got what I want, what I want
 What I want want want
 Yeah baby let me show ya (show ya)
 You got me trippin' over (over)
 Cause you got what I want, what I want
 What I want want want
 I want your love, I want your love

 You got my heart beat-beating faster
 And I'm not gonna let you down
 No ya feet ain't gonna touch the ground (ground)
 No-Oh

Song: Face The Shadow
Composer: Armen Martirosyan
Writer: Inna Mkrtchyan
Twitter: @GenealogyMusic

Biography:

Genealogy is "Building Bridges", as the 2015 Eurovision Song Contest slogan says, between the five continents of the world and the Republic of Armenia. The group consists of Essai Altounian from Europe, Tamar Kaprelian from America, Stephanie Topalian from Asia, Vahe Tilbian from Africa, Mary-Jean O'Doherty Vasmatzian from Australia, and Inga Arshakyan from Armenia. They are united by the blood in their veins, which contains Armenian genetics, and by music as the universal language of the world.

The creative team of AMPTV internally selected the song Face The Shadow composed by Armen Martirosyan and lyricist Inna Mkrtchyan, a song about universal values. Its message is one - "Happiness is born when people are united and live in harmony with themselves, their families, love relationships and so on. Generations are shifting with time but the genealogy remains, thus the values of love and peace are stable.

Lyrics:

We find so many ways fooling our heart
 Playing too many games trying to hide
 When you follow a dream, surrender the
 sorrow inside
 Face every shadow you denied

Feels like so many times life was unfair
 Will you run and forget all the despair?
 If it's breaking you down, remember the power
 inside
 Face every shadow you denied

Time is ticking and you keep thinking that you
 are tricking your heart, so

Chorus:
 Don't deny
 Ever don't deny
 Baby don't deny
 You and I

Cross the ocean of blues, happy you'll be
 Once you've risen you are meant to be free
 When you're feeling afraid remember there's
 hope inside
 Face every shadow purified

Time is ticking and you keep thinking that you
 are tricking your heart,so

Chorus:
 Don't deny
 Ever don't deny
 Listen don't deny (I don't want to deny)
 You and I

Chorus:
 Don't deny
 Ever don't deny
 Listen don't deny
 Don't deny you and I

Lyrics:

Listen to the sound of thunder
 Rolling in the soul down under
 Far beneath the skin, it rumbles
 Step to the step of the drum that rolls inside
 Be you enemy or lover
 We are put here to discover
 The heart that beats within each other
 We gonna rappabab tonight

And if we die, tomorrow
 What'll we have to show
 For the wicked ways
 Down below
 The rhythm inside is telling us
 We can fly tomorrow
 On the beautiful wind that blows
 On a cosmic track, love attack
 I'm gonna get that rhythm back

And if we die , tomorrow
 What'll we have to show
 For the wicked ways
 Down below
 The rhythm inside is telling us
 We can fly tomorrow
 On the beautiful wind that blows
 On a cosmic track, love attack
 I'm gonna get that rhythm back

Be you enemy or brother
 We were put here to discover
 The heart that beats within each other
 We're gonna rompanpan ...

I open up my heart to you,
 And cry for your attention,
 Still you haven't seen it yet
 You only see me as a friend
 But I wish you were waiting
 With roses in sunset, yeah

Why, why-aiaiai, why-aiaiai
 Won't you walk along, walk along, baby
 Why, why-aiaiai, why-aiaiai
 Won't you walk along, walk along, baby

I gently smile passing your way
 It's not that I don't try enough
 But you don't even notice me here
 In another time and place, another lifetime
 maybe
 If only for a little while, oh oh

Why, why-aiaiai, why-aiaiai
 Won't you walk along, walk along, baby
 Why, why-aiaiai, why-aiaiai
 Won't you walk along, walk along, baby

I don't seem to get you
 To look at me one time
 Won't you walk along, walk along baby
 This is not a little crush
 Don't wanna wait in line
 Won't you walk along, walk along baby
 Whoe-oe-oe, Whoe-oe-oe, I love you, I love
 you ba-babe
 Whoe-oe-oe, Whoe-oe-oe, I love you, I love
 you ba-babe

 nothing left all that I have

Elina was at school when a message from the famous songwriter blipped into her inbox on Facebook. "To be honest, I started crying. It took me a couple of days to gather the courage to write back," Elina recalls. The rest is history. 79% can't be wrong. That was the huge win that Estonian voters handed Goodbye to Yesterday. The same song that waited for years in Stig's drawer for just the right moment and just the right partner

Lyrics:

I woke up at 6 a.m.
 my eyes were closed but my mind was awake
 pretended I was breathing in a deep sleep pace

got dressed so quietly
 I was frozen by the jingle of my keys at the
 door
 as I got outside I smiled to the dog

I didn't wanna wake you up
 my love was never gonna be enough
 so I took my things and got out of your way
 now girl

why didn't you wake me up
 I'm pretty sure i would have told you to stop
 lets try again and say goodbye
 goodbye to yesterday

why would you think like that
 yeah we fight a lot but in the end
 you and I we're a perfect match

I wouldn't want it any other way
 but now you're gone and I'm all alone
 lying here naked and staring at the phone

Bojana Stamenov was born in 1986 and has been singing since she was seven. She attended even three sections in the secondary music school – guitar, lute and renaissance singing. She was the finalist of the show Serbia's Got Talent in 2012, when she enchanted the audience with her magnificent voice and brilliant interpretation.

Bojana doesn't like solitude, which is why she tries to spend as much time as possible with her beloved ones. If everyone is busy, Bojana knits and crochets, and also really loves to cook.

Her message to the fans of the Eurovision Song Contest is to never give up on what they love and who they love, because love is all we are left with in the end.

Lyrics:

In a shadowy world lived a dazzling girl
 Unaware of the light she'd imprisoned inside.
 Took a million mistakes to lead her to
 daybreak,
 But she made it through, now I know the truth!

Beauty never lies, never hides, never gives a
 damn!
 Beauty never lies, no, it cries "Here I am!"
 Finally I can say, yes, I'm diff'rent, and it's okay!
 Here I am!

Had to shatter the fears laughing in the mirror
 Undermining me, now at last I see!

Beauty never lies, never hides, never gives a
 damn!
 Beauty never lies, no, it cries "Here I am!"
 Finally I can say, yes, I'm diff'rent, and it's okay!
 Here I am!

Beneath the veil of skin the heart's entangled
 in,
 Beauty's embodied!
 Beneath the mask of shame, my soul is set
 aflame!

Beauty never lies, never hides, never gives a
 damn!
 Beauty never lies, no, it cries "Here I am!"
 Finally I can say, yes, I'm diff'rent, and it's
 okay!
 Here I am! Here I am!

Lyrics:

Do you know our earth is a mess
 All the wars for nothing, it never ends
 Everybody deserves a chance
 All the souls, all the souls, can you hear them cry?

That you live in peace does not mean
 It's okay to ignore all the pain
 I see children joining the stars
 Soldiers walk towards the dark, let me ask

Can you justify all the eyes
 That will never see daylight
 Give me one good reason to hurt
 A helpless soul, break a heart, kill a mind.

Do you know how many innocents
 Are hiding from punishment
 For crimes they'd never commit
 All alone, all alone, do they deserve

To die for believing something else,
 For having a face someone can't stand
 Do you know our earth is a mess
 All the wars for nothing, it never ends
 All the souls, all alone, hold them tight
 All the souls, deserve a chance at life

Lyrics:

Summer's here, winter's gone
Finally I can see the sun
Every time you walk in to the room
all my fears disappear
When I'm in your atmosphere
I don't know what it is you do
But you do
And I can't explain why

Its the Way you are
Its just the Way that you are
That Can make my Day
Bad times go away

Its the Way you are
Its just the Way that you are
That Can make my Day
Bad times go away

Like an old radio, a song i just cant let go
All i Got on my mind is you
Movie stars and caviar couldn't get me where
you are
There's nothing I can do
About it

Its the Way you are
Its just the Way that you are
That Can make my Day
Bad times go away

And I'll be right there
When you need Someone to guide you.
Whatever it takes girl
I will be doing it for you.

'Cause i've been acting like a fool
I Wanna take my time
And spend it all on you.
So girl just come and sweep my feet of the
Ground, like you do

Its the Way you are
Its Just the Way that you are
That Can make my Day
Bad times go away hey

Its the Way you are
Its just the Way that you are
That Can make my Day
Bad times go away

Because its all about you
Because its all about you girl
And I'm hanging on to every single word you
say

Its the Way you are
Its Just the Way that you are
That Can make my Day
Bad times go away
Its the Way you are
Bad times go away
Its the Way you are..

I was too afraid right from the start
 To even let you, welcome you in my heart
 You cut it deep and left it bleeding hard
 Will i ever heal these painful scars?

I just can't help it
 I'm out of breath, I'm try and find the words to
 say
 Time pass' by
 Now its broad daylight

I know you'll come
 With the speed of light
 You're my everything, all that I need.
 You shut down my dreams
 But I'm not gonna cry
 You live within me, that's why I'm alive
 I am alive
 Cuz you are my life,
 You are my sun,
 I am alive, cuz you are my life.

Your name is printed crystal clear on glass..
 From all the sighs, coming out' my breath
 I'm blinded by,
 This love can't stop screaming out your name
 so loud
 Where are you at?
 Baby won't you come back?

I know you'll come
 With the speed of light
 You're my everything, all that I need.
 You shut down my dreams
 But I'm not gonna cry
 You live within me, that's why I'm alive
 I am alive
 Cuz you are my life,

Lyrics:

Cantec de-ar fi viata mea
Vesel, trist, tot l-as canta
Nu as rata nicio nota
Rau de-ar fi l-as inota
Pan' la mare l-as urma
Nu m-as opri niciodata
Stii ca
Viata n-are buton de rewind sa
Poti sa intorci ce-ai pierdut
Nu poti nici sa o pui pe pauza
Cand nu stii ce-i de facut

Daca maine noaptea n-ar mai avea vreo stea
Daca intruna vantul spre mine ar sufla
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capat
Daca maine cerul ar fi prea plin de nori
Daca nicio raza nu m-ar atinge-n zori
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capat

As zbura chiar si-o noapte-ntreaga
Spre zorii-n care ai fi tu
Ploile n-ar putea sa-nteleaga
De ce nu cad cand sunt tot ud

Daca maine noaptea n-ar mai avea vreo stea
Daca intruna vantul spre mine ar sufla
Tu ai fi motivul, tu ai fi motivul sa pot
Sa pot s-o iau de la capat
Daca maine cerul ar fi prea plin de nori

Lyrics:

Fighter
 Oximated
 World's gonna get up and see

I'm a warrior
 isolated
 World's gonna listen to me

Violence
 Set it free
 Wings are gonna spread up

I'm a warrior
 isolated
 World's gonna get up and see

woohoo

I'm a warrior
 still stuck in my mind
 I've been in danger for too long
 No no no

woohoo

I'm a warrior
 still stuck in my mind
 I've been in danger for too long
 No

Not a shabby
 Or a money maker
 World's gonna light up in peace

Not in shadows
 Bright a little
 Not your fault you're just gonna breathe

Violence
 Break me free
 Wings are gonna spread up
 I'm a warrior
 Oximated
 I'm gonna get up and be

woohoo
 I'm a warrior
 still stuck in my mind
 I've been in danger for too long

Lyrics:

This time, I think I'm falling in love
 This time, you're sent from heaven above
 Oh oh oh
 My God, stop for a minute and think
 How 'bout we just go out for a drink
 Oh oh oh
 'Cos every time I close my eyes
 I feel you near

I'm feeling love, love, love
 Round and round and round and round and
 round we go
 I'm feeling love, love, love
 Round and round and round and round and
 right in my heart

This time, I hope you don't mind
 I'll help you put your troubles behind
 Oh oh oh
 I know there's a reason for this
 One kiss, and you will see what you've missed
 Oh oh oh

I'm feeling love, love, love
 Round and round and round and round and
 round we go
 I'm feeling love, love, love
 Round and round and round and round and
 right in my heart

Is this how it goes?
 I don't know...

Molly has put her heart on her sleeve and is gambling on Playing With Numbers as the song that will win the 2015 Eurovision Song Contest for Ireland.

Lyrics:

Do I owe you something
 I think I do
 They tied our hands
 But I cut through
 In the arms of the potion
 They found our truth
 And I made a girl
 Abandoned youth and

Made the mess in your vision and
 See a debt to be paid
 To give a little love was all that I wanted
 Give a little love was all my intent and I
 Was playing with the numbers and
 I didn't know what it meant

Please don't remind me
 I won't be your muse
 Fragile misguided minds like mine
 Only know how to use
 Whil I played with white lies and fiction
 Unbeknownst to you
 I played the victim
 Well that was the last time I faced you and

Made the mess in your vision and
 See a debt to be paid
 To give a little love was all that I wanted
 Give a little love was all my intent and I
 Was playing with the numbers and
 I didn't know what it meant

I can watch from afar from my art on my
 Own all along I was lost I was wild this is
 Wrong I can't force this just watch as the
 surface
 Surrenders it all

Made the mess in your vision and
 See a debt to be paid
 to give a little was all that I wanted
 Give a little love was all my intent and
 I was playing with the numbers and
 I didn't know what it meant

Lyrics:

No, I don't wanna dream forever
 of a time when peace was more than just a simple word
 I wanna find a better way of living
 and connect my tears and fears with friends
 understanding and forgiving
 must give this world a final chance

I can feel life is changin'
 times are rearrangin'
 in so many many ways
 let us try to make the world
 a better place

so light up the candles
 let's illuminate the night
 just light up the candles
 let Them shine on deep inside
 build a chain of light for you
 and a chain of light for me
 and believe that we can change reality

we've only got one life
 so let's try to make our dreams survive
 Michele:
 maybe we'll find out that many people feel the same - oh
 yeah

one's a lonely number - but together
 we can make a million candles
 shine forever
 let us build a chain of hearts
 in a world that's blue and dark

so light up the candles
 let's illuminate the night
 an' together hand in hand

we will feel the love inside
 build a chain of love for you
 (chain of love for you)
 and a chain of love for me
 (chain of love for me)
 we will let our vision change reality

if we all light a candle
 we could build a chain of light
 if we all walk together
 we will feel the love inside

it's a chain of hearts for you
 chain of hearts for you
 and a chain of hearts for me
 chain of hearts for me
 let's create a world that's human, fair and bright

if we all light a candle
 if we all light a candle
 we'd illuminate the night
 we'd illuminate the night
 if we all walk together
 yes we should
 we will feel the love inside
 it's a chain of light for you
 chain of light for you
 And a chain of light for me
 chain of light for me
 we can build a peaceful world -
 let's do it right
 standing side by side
 it's a chain of love for you
 chain of love for you
 and a chain of love for me
 chain of love for me
 let's create a world that's human

 Noći su mi okovi
 Još ti služim moja ljubavi

Lyrics:

We Suffer, silently
always fighting to break free

We were living in a shadow
we were so scared to let go
Wouldn't accept defeat
when by losing we were winning
we have to be courageous
to be able to get through this
And then it hits.

Break through the silence
The noise is louder than it's ever been.
Create something timeless
Never look back, the past is the past
I had no choice but to become a warrior
I had to conquer
I did not break, I left my faith in hope.

We are not the enemy,
We're just tired of suffering.

We broke through the shadow
We finally let go
and then it hit

Break through the silence
The noise is louder than it's ever been.
Create something timeless
Never look back, the past is the past
I had no choice but to become a warrior
I had to conquer
I did not break, I left my faith in hope.

I'm a warrior, I will conquer
I'm a warrior, I will conquer
I'm a warrior, I will conquer
I'm a warrior, I will conquer
I'm a Warrior.

Lyrics:

Honey, I'm telling the truth
 I did something terrible in my early youth
 My mind went blank, I lost control
 I was just a little boy, I did not know
 I better let you go...

To find the prince you thought you found in me
 I better set you free and give you up
 Just wave and say goodbye and let you live
 Without a monster like me
 Honey, what am I to you
 Now I have pulled the trigger on this awful
 truth
 Oh hold me now, cause I'm burning up
 Sing me something beautiful, just make it stop
 I better let you go...

To find the prince you thought you found in me
 I better set you free and give you up
 Just wave and say goodbye and let you live

Lyrics:

São três da manhã
 E a chuva cai
 Nas ruas da cidade
 Bate uma saudade no meu peito

Vejo se me endireito
 Mas falta-me a vontade
 Eu não sou eu
 Se tu não estás

Se é o mar que nos separa
 Vou secá-lo de saudade
 E apertar-te contra o peito
 Beijo feito de vontade

Ainda tenho
 As tuas mãos no meu rosto
 E o gosto a mel
 Da tua boca

Louca foi a noite
 Em que te conheci
 Triste a madrugada
 Em que te perdi

Se é o mar que nos separa
 Vou secá-lo de saudade
 E apertar-te contra o peito
 Beijo feito de vontade

Se é o mar que nos separa

Lyrics:

Wait for me don't cross the sea of pain
 Wait for me I'm lost I've gone astray
 Ravens calling my name, their wings so dark
 Soon they'll take me away, I have their mark
 They never miss their prey

There is no light to pray for
 Cold and dim are the skies
 Wounded lying
 Running out of life
 In your eyes I could see
 Our hopes and our future
 Now we must let go

Find me where the night turns into day
 Your love as a torch shows us the way
 How to be whole again

There is no light to pray for
 Cold and dim are the skies
 Wounded lying
 Running out of life
 In your eyes I could see
 Our hopes and our future
 Now we must let go
 Must let go, must let fade away
 Or we can rise and fight

For a light to live for
 Fire in our hearts
 Through our pain
 Through all the lies
 We will walk, walk reborn
 Hope never dies
 Never let me go

 Tell her I don't think I can take it anymore
 Mama, someone broke my heart again
 Now I'm gonna ease my pain,

 Gonna dance tonight, forget her
 No, she doesn't know

 Did you say hello, my ladies?

Pull me baby, I'm your trigger
 You know that my love is bigger
 Love, Love, Love
 Let the rhythm take us higher
 You know when I'm on fire
 Check me out (3-2-1- hey!)

I'm a golden boy
 Come here to enjoy
 I'm the king of fun
 Let me show you how we do it

I'm a golden boy
 Come here to enjoy
 And before I leave
 Let me show you Tel Aviv

Hold me tight,
 We're not going home tonight
 Oh yeah, do you like my dancing?
 Pull me baby, I'm your trigger
 You know that my love is bigger
 Check me out (3-2-1- hey!)

I'm a golden boy
 Come here to enjoy
 I'm the king of fun
 Let me show you how we do it

 Come here to enjoy
 And before I leave
 Let me show you Tel Aviv

This is how we do it...

Biography:

Aminata was born in Riga in 1993 to a Latvian mother of Latvian and Russian descent, and a father from Burkina Faso. She considers herself foremostly Latvian.

She grew up in Latvia - a country, where everybody sings - but her strong and unique voice, which is a blend of three different singing traditions - African, Russian and European - has attracted attention in many singing competitions and music projects she has successfully participated so far.

Latvians believe that the combination of her diverse background, gifted composing skills and stage charm resembles the values of Eurovision Song Contest and puts her as a strong candidate for the victory.

Lyrics:

You bring
 The light
 To
 My darkest side, babe

The day
 The night
 Split
 To cure the sight, Oh...

You care
 You animate
 You guard me bare
 Bring up the heart rate

Chorus:
 Your love
 Revives my soul
 And I know
 You'll choose it whole
 Overall

Your eye's a good mirror
 Look under the cover
 Love
 Is above all

I'm safe
 Into your hands.
 Let's move away
 The edges expand

Chorus.

Bridge:
 Show me the source of the light
 I'm becoming affected
 Seeing the glow of a white
 Is what I have detected

Feeling again I'm alive
 It's your shining reflected
 Love injected, love injected

Lyrics:

I hold my breath, I'm on the edge
 Storming hills, I've been lost and found
 I hope they're coming, I can hear them running

I once met peace, he said that he
 Soon would have the answers to this hurt
 And my mind was made up, I would never give up

No I won't sleep tonight
 If tomorrow comes I'll lose my mind
 I won't give up my right, I know every heart deserves a fight

I will beat on the drum, rise above with me
 I will go till I'm numb, rise above with me
 No I won't sleep tonight

They whine and roar, hungry for more
 Yellow glowing eyes, I'm hypnotised
 I feel brave yet scared, but I'll stay prepared

Oh have my soul, it's destined
 It's written in the sky
 Let me not be blinded by this hurt
 Set him loose I'm ready
 For the stars to guide me

No I won't sleep tonight
 If tomorrow comes I'll lose my mind

No I won't sleep tonight
 If tomorrow comes I'll lose my mind
 I won't give up my right, I know every heart deserves a fight

I will beat on the drum, rise above with me
 I will go till I'm numb, rise above with me
 No I won't sleep tonight

Biography:

Maria Olafs has had more stage experience than most of her friends. In 2007 she had a small role in a play, which was staged by The National Theatre in Reykjavík. She played the role of Louisa von Trapp in the Sound of Music in the Municipal Theatre in Reykjavík in 2009 – the original movie of the show is one of her all-time favourites. In the same year she played the part of a young Michael Jackson in a tribute show at Reykjavík's Broadway Club. In 2014 Maria took the leading role of Ronja The Robber's Daughter in Mosfellsbær Theater Group's production of Astrid Lindgren's play of the same name.

Maria started working with the StopWaitGo songwriting team in 2012 when still a student at Verzlunarskóli Íslands high school. When the StopWaitGo threesome wrote the song Unbroken for this year's Söngvakeppnin the guys had Maria in mind and the song perfectly fits her vocal range. She agreed to sing the song but did not expect to win the contest, so the victory came as a total surprise.

Lyrics:

One step at a time
 out of the darkness
 one foot in front of the other.
 One step at a time
 into the distance
 a new path I need to uncover.

I'm letting go.
 Go.

One step at a time
 get out of the darkness
 and into the light forever.
 One step at a time
 I pick up the pieces
 try putting them back together
 till I'm unbroken.
 Unbroken.
 One step at a time
 get out of the darkness
 and into the light forever.

One step at a time
 and I got a feeling
 it's either now or never.

I'm letting go.
 Go.

One step at a time
 get out of the darkness
 and into the light forever.
 One step at a time
 I pick up the pieces
 try putting them back together
 till I'm unbroken.
 Unbroken

One step at a time
 get out of the darkness
 and into the light forever.

I'm letting gon.
 Go.

One step at a time
 get out of the darkness

Biography:

Måns is a versatile artist who has won Let's Dance, played the lead role in Grease and Romeo & Juliet, hosted TV-shows, alongside being a successful composer and recording artist.

Heroes is a culmination of a long period of reinvention for the 28-year old musician Måns Zelmerlöw and that lurking desire to entertain has returned. Heroes is an example of what he hopes to achieve with his next album which will be out later this year – a mix of the organic musicianship with an electronic influence and a touch of the personality that helped him become so successful in the first place.

Lyrics:

Don't tell the gods I left a mess
 I can't undo what has been done
 Let's run for cover
 What if I'm the only hero left
 You better fire off your gun
 Once and forever
 He said go dry your eyes
 And live your life like there is no tomorrow, son
 And tell the others
 To go sing it like a hummingbird
 The greatest anthem ever heard:

We are the heroes of our time
 But we're dancing with the demons in our minds...
 We are the heroes of our time
 Hero-uh-o-o-oes
 O-uh-o-o-oh
 We're dancing with the demons in our minds
 Hero-uh-o-o-oes O-uh-o-o-oh

The crickets sing a song for you
 Don't say a word, don't make a sound
 It's life's creation
 I make worms turn into butterflies
 Wake up and turn this world around
 In appreciation
 He said I never left your side
 When you were lost I followed right behind
 Was your foundation
 Now go sing it like a hummingbird
 The greatest anthem ever heard:

We are the heroes of our time
 Hero-uh-o-o-oes
 O-uh-o-o-oh
 We're dancing with the demons in our minds
 Hero-uh-o-o-oes O-uh-o-o-oh

(We keep dancing with the demons
 You could be a hero)

Go sing it like a hummingbird
 The greatest anthem ever heard
 Now sing together....

We are the heroes of our time

 O-uh-o-o-oh
 But we're dancing with the demons in our minds
 Hero-uh-o-o-oes O-uh-o-o-oh

With her song, Mélanie René sends us a strong message: that you have the strength to go wherever you want to, to move mountains, to change the world if you want to.

Lyrics:

I've been walking in the darkness
Always hiding from my true self
Afraid of letting go, of deception in their eyes
A wounded ego, unafraid to start a fight

I've been walking on a lonely road
So many stories I have once been told
No matter what they say I will follow my heart
I think it's time for me to stand up and hold my ground

Refrain

'Cause I'm living my dreams, I've never been so alive
The sky's the limit now that I know I can fly
No more pulling me down, no more mucking around
I'm growing up, and it's my time to shine
It doesn't matter if I'm wrong or right
I'm getting stronger everytime I try
I've learnt to let it go, taking one step at a time
I've mend my ego, now it's time for me to let it shine

Refrain

It's my time to shine
I've been walking in the darkness
Always hiding from my true self
I've learnt to let it go, I've learnt to let it go,
I've learnt to let it go
Now it's my time to shine

Refrain

'Cause I'm living my dreams, I've never been so alive
The sky's the limit now that I know I can fly
No more pulling me down, no more mucking around

His first TV appearance came at the age of 13, when he participated in the Cypriot national selection for the Junior Eurovision Song Contest.... Which was a great experience for him.

John is a big gamer, and if he's lucky enough to take a break from his hectic schedule, you'll find him down the local Internet Café.... and then you may not see him for three days! He's actually a pretty good gamer! John's musical influences are now Ed Sheeran & John Mayer - in fact any artist with a great voice and a great song. His interest in Eurovision began about 10 years ago when he heard the song Stronger Every Minute by Lisa Andreas and hoped one day he could represent Cyprus in the Eurovision Song Contest.

Lyrics:

Tonight the rain is falling
 I'm feeling cold, and I'm
 Out of my mind, without you
 My head is spinning like a top
 Back to the time we had a lot...going on
 Now my world lies shattered
 How quickly life can change

I always did everything for you
 I gave you my heart, you gave me yours too
 You'd make me feel I was really someone
 But there's one thing I should have done

One day you think you have it all
 The next you're staring at the wall...in a dream
 The road that once was paved with gold
 Has turned a rusty shade
 Of all the saddest colours in the world
 Now my life's in tatters
 How quickly it all can change

I always did everything for you
 I gave you my heart, you gave me yours too
 You'd make me feel I was really someone
 But there's one thing I should have done

I should have been there for you
 I should have been there for you
 I should have been there for you
 I should have been there

I didn't do everything for you
 But I tried so hard and that's the truth
 I'd make you feel you were really someone
 But there's one thing I should have done

I nearly did everything for you
 But I broke your heart, now mine's broken too
 In your hour of need, I didn't come...
 That's the one thing I should.....have done

Lyrics:

When you're down down low

 When you're down down low
 You know that I am here for you...

You came into my life when I was broken
 You heated up my heart when it was frozen
 And we got the flow
 Now it's up we go

And now thast it's your turn you wanna hide it
 A million times already you've denied it
 You don't have to fear
 You don't have to fight

When you're down down low
 Sinking in the undertow
 When you're down down low
 You know that I am here for you

Cause I know know baby
 All the hurt you never show
 When you're down down low
 You gotta let me heal your aching soul

You came into my life when I was broken
 You heated up my heart when it was frozen
 And we got the flow
 Now it's up we go

Cause you released my pain now let me take it
 Just leave it at the door and we can make it
 You don't have to hide
 I am by your side

Everybody else sees in black and white
 You look at wrong and make it right
 Can't I open your eyes

Lyrics:

Every time you're brokenhearted
 Sinking in the sorrow
 Feel the emptiness and have no faith
 No strength to breathe

 It's gonna be better
 You've got the greatness within you

Beyond the fear
 Let's build the bridge
 From heart to heart
 In the name of love

Every time you struggle with the fear about
 tomorrow
 Call the angels for their guidance
 Find the other way

I wanna tell you

Biography:

Lisa Angell grew up with a dream of becoming a singer. One day, the young singer took a decision to live from music, performing in piano bars across the French Riviera. Afterwards she recorded her single Des Années Après written by Didier Barbelivien (2001). In 2009 invited by the magician Dani Lary on his show, Lisa met Patrick Sébastien, a very popular showman who produced and wrote songs for her first album Les Divines (2011).

Lisa's second album Des Mots... (2013) was introduced by the single Je Saurai T'aimer, a cover of the song by Melanie Cohl which itself is the French adaptation of The Power Of Love by Celine Dion. In the same year, Lisa joined the recurring singers of the show Les Chansons D'abord, hosted by Natasha St-Pier on France 3.

Before paying tribute to the songstresses from the 30s, 40s and 50s with her third album Frou-Frou (2014), Lisa and Tony Carreira duetted the song L'oiseau Et L'enfant for his album.

Lyrics:

Il ne me reste que des larmes
 Ces quelques notes venues d'autrefois
 Et le chant de nos prières
 Nos cœurs qui espèrent
 Et le vide sous mes pas

Il ne me reste que les cendres
 De mon village plongé dans le silence
 Je ne suis qu'une blessure
 Un cœur sans armure
 Comment survivre après ça.

Mais je suis là, je n'oublie pas
 Dans mon village balayé par l'histoire
 Et je vis là, n'oubliez pas
 Effacé des cartes et des mémoires

Je me souviens du rire des enfants
 La voix des hommes quand ils partaient au champ
 Les fêtes des moissons
 L'odeur dans les maisons
 Les éclats d'amour et de joie

Mais je suis là, n'oubliez pas
 Effacé des cartes et des mémoires

Quand ils sont arrivés
 Cachés derrière leurs armes
 Ils étaient des milliers
 Ils riaient de nos larmes

Ils ont voulu détruire
 Nos croyances et nos âmes
 Avec des mots de haine
 Que l'on n' connaissait pas.

Je suis ici ce soir
 Au milieu de ces ruines
 Pour vous parler d'espoir
 Et vous chanter la vie
 Et je fais le serment
 Quand séchera le sang
 De reconstruire ma ville
 Bien plus belle qu'avant.

Mais n'oubliez pas.

Biography:

The stage is her life. This fact was proven by Ann Sophie in the German national final and is noticeable in every second that the 24-year-old singer spends performing. Born in London, raised in Hamburg, she has tried all artistic directions.

As a child, Ann Sophie developed a deep passion for singing, inspired by her idols Britney Spears and Christina Aguilera. After finishing school, she moved to New York. By day, she studied at the prestigious Lee Strasberg Theatre & Film Institute; by night, she enchanted audiences as a singer at various trendy live clubs. Full of ambition after returning to Hamburg in 2013, Ann Sophie completed a self-produced demo album and was soon discovered for the ESC.

In her song Black Smoke, Ann Sophie shows that she understands her craft.

Lyrics:

When you look at me, you know you're hard to read.
 Because the face I see is not the one I know
 And when you call me baby, what's that supposed to mean
 I don't know who you are, how long can we pretend

See the change I know we both don't have the heart to say
 Can't return to what we were, it will never be the same

Cause you said you'd never let me go
 And I said I can't but now we know that it's
 Too hard to say three words
 Too hard to make it work
 When there's nothing left to talk about
 Cause you know the flame is running out
 Two hearts are left to burn
 Do you know, we're only left with smoke

Black smoke, we're only left with smoke, black smoke

I tried to tell myself, that it's all in my head
 But the truth remains we're just too far apart.
 You know were fooling ourselves if we hold on,
 Cause were fighting for something that we don't want
 Just leave it now and walk away

See the change I know we both don't have the heart to say
 Can't return to what we were, it will never be the same

Cause you said you'd never let me go
 And I said I can't but now we know that its
 Too hard to say three words
 Too hard to make it work
 When there's nothing left to talk about
 Cause you know the flame is running out

 Too hard to make it work

 Too hard to say three words
 Too hard to make it work

Piero Barone, Ignazio Boschetto and Gianluca Ginoble were spotted in 2009 on the RAI TV show, *Ti Lascio Una Canzone*, but it was thanks to the intuition of Michele Torpedine (the manager who built the careers of Andrea Bocelli and Zucchero) that they became a trio, Il Volo.

Before they even spread their wings with a debut album, Il Volo set a remarkable series of records. They were the first Italians ever to sign a contract with Geffen/Interscope and the only Italian artists that Quincy Jones invited to sing on *We are the World* for Haiti.

With 1 million albums sold with their debut album, 2 Latin Grammys nominations and a Latin Billboard awards won as Best Act, collaborations with artists like Eros Ramazzotti, Plácido Domingo and Barbra Streisand, sold-out worldwide tours and the recent victory of Sanremo Festival they are now artists considered not so much Italians successful abroad, but international artists who happen to have been born in Italy.

Lyrics:

Chiudo gli occhi e penso a lei
 Il profumo dolce della pelle sua
 E' una voce dentro che mi sta portando dove
 nasce il sole

Sole sono le parole
 Ma se vanno scritte tutto può cambiare
 Senza più timore te lo voglio urlare questo
 grande amore
 Amore, solo amore è quello che sento
 Dimmi perché quando penso, penso solo a te
 Dimmi perché quando vedo, vedo solo te
 Dimmi perché quando credo, credo solo in te
 grande amore

Dimmi che mai
 Che non mi lascerai mai
 Dimmi chi sei
 Respiro dei giorni miei d'amore
 Dimmi che sai
 Che solo me sceglierai Ora lo sai
 Tu sei il mio unico grande amore

Dimmi perché quando penso, penso solo a te
 Dimmi perché quando amo, amo solo te
 Dimmi perché quando vivo, vivo solo in te
 grande amore

Dimmi che mai
 Che non mi lascerai mai.
 Dimmi chi sei
 Respiro dei giorni miei d'amore Dimmi che sai
 Che non mi sbaglierai mai Dimmi che sei
 Che sei il mio unico grande amore

Biography:

Edurne was born in Madrid and began singing at the age of nine. After taking part in the talent TV-show Operación Triunfo in 2005, she has recorded five studio albums with Sony Music: Edurne (2006), Ilusión (2007), Premiére (2008), Nueva piel (2010) and Clímax (2013). Edurne has toured with every album while also collaborating with many artists.

Edurne has also worked as an actress in successful drama series and starred for seven years as Sandy in the Spanish production of Grease. She was also the winner of the impersonating music show Your Face Sounds Familiar and recently co-hosted a daily TV-show.

The song refers to the daybreak, the emotional instant before the dawn. It tells the painful story of a lost love and the quest to retrieve joy and see the sunrise again: Amanecer.

It has an epic-style music production, with the electronic pop sounds of a unique team of European songwriters, plus the organic instrumental sensitivity of the RTVE Symphonic Orchestra.

Lyrics:

Se fue sin saber
 Que yo sí lo amé
 Se fue sin creer en mí

Perdí la razón
 Sangré tanto amor
 Que aún, hoy siento el vacío
 Me lleva contigo
 EEEieEEO
 EEEieEEO
 Mi corazón
 Me susurró
 A mí no vuelvas sin su amor

Camino al ayer
 Allá donde esté
 Hoy reto al olvido

Se fue sin saber
 Que yo no me rindo

EEEieEEO
 EEEieEEO
 Mi corazón
 Me susurró
 A mí no vuelvas sin su amor

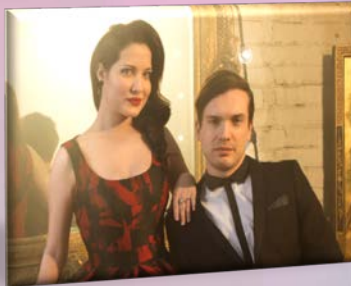

EEEieEEO
 EEEieEEO
 Devuélveme
 El alma en pie
 Devuélveme el amanecer

Hoy vuelves conmigo.

Lyrics:

Well, don't get on the wrong train
 Don't fly in an old plane
 Don't go out in the pouring rain
 You might get wet I'd be upset

You're bound to get sneezes
 Or nasty diseases
 Take good care when I'm not there
 I'm still in love with you

While I'm on vacation
 You be a good patient
 Take your medication
 I worry so each time I go

Try to keep warm, dear
 In case there's a storm, dear
 Take good care while I'm not there
 I'm still in love with you

Some younger guys with roving eyes may tantalise you
 with their lies
 You must be wise and realise, leave well alone till you get
 home, dear

Won't see other fellas, don't wanna make you jealous
 No need to fear when you're not here, I'm still in love with
 you

Let's dance, dance
 Dance

Don't walk on the red light
 Don't stay out at midnight
 Don't get in a fist fight, that pretty face can't be replaced...

Won't be out at night, hon
 It wouldn't be right hon
 No need to fear when you're not here, I'm still in love with
 you

(Oh yes)

Everybody dance
 Everybody dance

Everybody dance
 Everybody dance

Skiddy-beep-bop-doo...
 Dee-dee-dee

Sounding good, sugar

Skiddy-beep-bop-doo...
 Dee-dee-dee

You take care now, honey

Don't make a fuss, you need to trust me
 This is how it always must be
 When I stop to think of us, I can assure you, I adore you

Because you're so gorgeous
 You need to be cautious
 Take good care when I'm not there, I'm still in love with
 you

You have a fun time,
 And soak up that sunshine
 But don't drink too much wine,
 Just one or two will have to do

I know what you're thinking
 So I won't be drinking
 No need to fear when you're not here, I'm still in love with
 you

I'm still in love with you

I'm still in love with you
